Little Ones Malpractice Policy

Little Ones UK Ltd. are committed to providing high quality accredited courses ensuring that all forms of malpractice in connection with any qualification are dealt with and are reported to the appropriate awarding body under their procedures for reporting such activity.

All tutors are responsible for:
  ● Checking the legitimacy of their student’s work and writing a declaration stating its authenticity.

Our objective is to reduce the occurrence of any form of malpractice while a course takes place.
All students are made aware of our malpractice policy and are made aware that attempting or carrying out malpractice is deemed academic dishonesty.

We take positive steps to prevent or reduce the occurrence of learner malpractice. These steps include:
  ● An introductory session discussing our center's malpractice policies and penalties in place.
  ● Appropriate methods are shown as to how to cite material e.g., research, interpreting and summarizing reading.
  ● Assessors encourage supervised assignments and assign tasks and activities as to be aware of students’ abilities and writing styles.

DEALING WITH MALPRACTICE

The Internal Verifier is responsible for carrying out investigations into allegations of Malpractice. An appointed representative will conduct investigations into alleged malpractice against the Internal Verifier.

Steps in dealing with malpractice:
  ● Gather evidence
  ● Statement from person who identified these issues
  ● Write a letter to student to inform them of these issues.
  ● Student will be given the opportunity to explain what happened

Formal action will only be initiated where:
  ● There is evidence to support the allegation of malpractice; and
  ● The learner fails to provide a plausible explanation.

In the event of any doubt arising, the Internal Verifier should be consulted, before any decision is taken.

INVESTIGATING MALPRACTICE

Any incidence of malpractice will be reported to the awarding body. The awarding body has the right to carry out an independent investigation in full under any circumstances of alleged malpractice.

When dealing with alleged malpractice the awarding body will deal primarily with the Internal Verifier. As part of the investigation the awarding body has the right to:

• Involve the learner and others in the investigation process
• Deal with the learner (if aged 18 or above) and/or the learner’s representative

During the investigation period the awarding body may:
• Refuse learner registrations/entries
• Withhold the release of results/certificate
• Withhold test/examination papers if the security of a test/examination is considered at risk
RE-ASSESSMENT

Where there is evidence to support the allegation of malpractice the Centre will re-assess all work submitted by the learner.

APPEALS

In the event that an appeal is made against OCN London's decision, the investigation and reassessment will be carried out by the internal verifier or nominated representative.

Interested Party Policy

If Little Ones’ assessors or internal moderators have a personal relationship or are related to any learner this should be declared and alternative appropriate assessment arrangements made. This would also apply if assessors or internal moderators have any personal or financial interest in the organisations sponsoring learners to attend courses. The assessors and internal moderators cannot assess their own work if they wish to study for an award and alternative arrangements should be made in terms of other staff assessing the portfolios.
